ENLIST WOMEN TO REPLACE MEN CALLED OUT BY WAR

WAR GIVES MEN'S JOBS TO AMERICAN GIRLS

These young women owe their present work to the war, which has taken men for the fighting forces and for the making of munitions and other war supplies. They are seen here busily engaged in the filling of medicine bottles in a New Jersey factory. For convenience, safety and comfort they have adopted the divided lower garments which their European sisters wear who are engaged in war work. Students of economic conditions predict that the great war will cause permanent changes in the economic and industrial position of women in America and Europe.

ITALIAN OFFENSIVE IS GROWING

Brilliant Successes Arouse Hopes of Troops to Supreme Effort.

By Associated Press Dispatch. Austrian official statements, supplementing the announcement from Rome, indicate that the Italian offensive in the Julian Alps and on the Carso Plateau is steadily growing in importance and extent. General Cadorna is apparently making a supreme effort for a decision, and the brilliant successes he had already won have aroused high hopes. The Italian commander is apparently following Anglo-French tactics of striking mighty alternative blows at his enemy's flanks. The most advanced Italian posts are scarcely more than ten miles from Trieste, but this distance is not to be compared with an equal extent in open country. No change of importance is reported from any of the other war theaters. The British are preparing for another drive in the Arras region, but reports of bad weather on that front may possibly delay the blow.

AUSTRIA IS DISTURBED

By Associated Press Cable. London, May 25.—A vacancy in the Austrian Premiership may soon follow the Hungarian premiership vacancy, according to reports coming through Amsterdam today. Messages from Vienna, says the

Central News correspondent at Amsterdam, indicate that the rumors of the resignation of Count Clam-Martinic, the Austrian Premier, are so persistent that developments in this connection are expected shortly. Count von Coudenhove, the Governor of Bohemia, is mentioned as successor to the present Premier.

BRAZIL'S ACTION IS IMMINENT

By Associated Press Cable. Rio Janeiro, Brazil, May 25.—According to the Jornal do Commercio, it was decided at a meeting of the Parliamentary and Diplomatic Commission, called yesterday by the Foreign Minister, to adopt the principle of revocation of Brazil's neutrality in the war between the United States and Germany and to police the south Atlantic with the Brazilian fleet.

MOVING ALONG

By Associated Press Cable. Rio Janeiro, Brazil, May 25.—A bill providing for revocation of the decree of neutrality will be presented to the Chamber tomorrow. It is believed that the Chamber, whose tendencies to enlarge the political horizon of Brazil have been more and more in evidence, will demand incorporation in this project of a clause giving wide powers to the Government.

GUARDSMEN NOT REQUIRED TO REGISTER

By Associated Press Dispatch. Columbus, O., May 25.—Governor Cox today received a message from Provost Marshal General Crowder, at Washington, saying that Ohio National Guardsmen, whether in Federal or State service, will not be required to register June 5, being considered in military service under the recent call made by the Secretary of War mobilizing them July 15.

Belgium's Balance Is Good One.

By Associated Press Dispatch. Washington, May 25.—Another loan of \$75,000,000 was made to Great Britain today by the United States, bringing the total loaned to that nation thus far up to \$400,000,000 and the total of loans to all the Allies up to \$745,000,000. A payment of \$75,000,000 also was made to Italy today, as a part of the \$100,000,000 loan announced some time ago. The Italian government already has received \$25,000,000 of the loan. Today's transactions complete the Government's program for May. It is understood, although all of the money loaned to the Entente Governments has not been withdrawn from the United States Treasury. In the case of Belgium, to which a loan of \$45,000,000 was announced only \$7,500,000 has been withdrawn, and the remainder will be distributed in similar payments over five months. Russia has withdrawn none of the \$100,000,000 loaned to her.

Wholesale Confiscation of Property and Incendiarism in Agricultural Districts and Industrial Centers.

(Associated Press Cable) Petrograd, Thursday, May 24, via London, May 25.—The agrarian disorders, wholesale confiscation of property incendiarism and other dangerous symptoms of anarchy, which follow the overthrow of the old authority in many important industrial centers and agricultural districts of central and southern Russia, are becoming more serious, according to dispatches from various points. Men of various foreign nationalities, headed by anarchist leaders and escaped criminals, have overrun certain districts, the advices state.

"IRON MAN" ANNOUNCES HIS REASON

Refusal of King to Accept His Proposal Caused Split.

(Associated Press Cable) Amsterdam, via London, May 25.—A Budapest dispatch received by way of Berlin says that Count Tisza, at a conference with representatives of the National Labor Party, declared that the principal reason for his resignation as Hungarian Premier was his attitude in regard to the franchise question which he outlined in an exhaustive speech. The King would not accept his proposals. Count Tisza said he would support the next Government in any measures having to do with requirement for warfare, but that he would maintain firmly his standpoint on the franchise question. His speech was warmly applauded.

NORWAY'S WORKMEN QUIT WORK

(Associated Press Cable) London, May 25.—An Exchange Telegraph dispatch from Copenhagen reports that workmen in Christiania laid down their tools yesterday and marched to the Parliament building, where they presented a resolution demanding prohibition of the exportation of provisions and the seizure of all ships necessary to furnish food and raw materials for the country. They also demanded that no German ships be permitted to enter Norwegian ports, on the ground that they carry food from the country.

CHINESE AROUSED; CRITICISM BITTER

(Associated Press Cable) Peking, China, May 25.—Bitter criticism has been aroused among some of the more radical Chinese newspapers by publication in Japanese newspapers of statements that Wang Tashieh, a special representative of the Chinese government sent to Tokyo to confer the Grand Order of Merit on the Japanese Emperor, was paying tribute to Japan. The Chinese critics insisted that China, instead of paying tribute, conferred an honor upon Japan by giving the order to the Emperor. Two previous attempts had been made to send an agent to Japan to confer the order on the Emperor but in both cases the envoys selected were rejected either by parliament or by those who objected to monarchical forms of government.

For Successes Against Submarine Menace.

Lloyd George Announces in Speech to Commons.

No Fear of England Being Starved.

(Associated Press Cable) London, May 25.—"The successes against submarines have resulted in a distinct improvement in our food situation," said Premier Lloyd George today in the House of Commons. The Premier said that more effective blows had been dealt the submarines during the last three weeks than in any corresponding period of the war.

The shipping losses for May, the Premier said, probably would show a reduction from the April figures. In speaking of the success of the anti-submarine methods, he said: "We owe a very considerable debt of gratitude to the great American people for the effective assistance they have rendered and the craft they have placed at our disposal. "Now that the American Nation is at war, it is easier to make arrangements for the protection of our merchant marine than it was before." Mr. Lloyd George asserted there was no danger to the country from starvation, but that the utmost economy of foodstuffs was still essential. "The submarine menace need cause no fear that the war is going to be lost for that reason," he declared.

LABOR CONDITION

In reference to the labor situation, Mr. Lloyd George said the Government had taken steps to deal with the present labor unrest in the country and prevent it in the future. The termination of the engineers' strike afforded a good opportunity for reviewing the labor position.

MEAT CARDS FOR PEOPLE IN FRANCE

Ministers Reach Conclusion, After Conference, to Insure Fair Distribution.

(Associated Press Cable) Paris, May 25.—A decision to introduce meat cards at an early date is understood to have been reached at a conference just held by Premier Ribot, Louis J. Malvy, Minister of the Interior, and Maurice Violette, Minister of Subsistence. Maximum prices will be fixed to prevent hoarding and speculation, and severe penalties will be inflicted for all acts tending to hinder the fair distribution of meat among consumers. The meat card will give the right not to obtain a fixed quantity, but to buy meat for a certain sum, to be determined by a special scale. Wholesale butchers on their own initiative have fixed maximum prices for the time being. These prices represent a decrease of ten to sixteen cents a pound.

TELLS MR. DANIELS TO GET ANOTHER AID, HE WANTS TO HUNT SUBS

LT. BYRON MCCANDLESS

Lieutenant Byron McCandless, aid to Secretary Daniels and one of the most popular officers of the service, has made an urgent appeal to his chief to be relieved immediately of his present duty and assigned to the American destroyer forces engaged in grappling with the German U-boats in the war zone. His appeal has been granted, and the young officer will soon leave Washington for duty afloat.

AGREE TO MODIFIED SECTION

Conferees Have Drawn Up New Censorship Proposal.

Has President's Approval.

By Associated Press Dispatch. Washington, May 25.—Conferees on the espionage bill have drawn up a so-called modified newspaper censorship section, which will be brought before Congress, with the influence of the Administration back of it, for inclusion in the pending bill. It must be accepted by both houses to become part of the bill. The wording of the new section confines prohibited publication exclusively to military information and retains the provision that a jury shall decide whether published information is useful to the enemy. It is considered a much more liberal section than others previously proposed by the Administration. The conferees also agreed on the Senate amendment to empower the President to declare export embargoes. It is designed to prevent shipments of supplies to Germany through neutrals. The agreement will be formally presented tomorrow.
